

Project Design Phase-II
Requirements Analyze (Functional & Non-functional)

Date	03 NOV 2023
Team ID	NM2023TMID04783
Project Name	Building a website using Canva

Functional Requirements:

Following are the functional requirements of the proposed solution.

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	Button Click	The shop button is created and track the product details and proceed to payment.
FR-2	Contact Button	The contact details of the shop should be given when the button is pressed.
FR-3	Shop by category button	The types of dress are displayed separately when shop by category button is pressed.

Non-functional Requirements:

Following are the non-functional requirements of the proposed solution.

FR No.	Non-Functional Requirement	Description
NFR-1	Usability	The website should be user-friendly and easy to use, with clear and simple instructions.
NFR-2	Security	The system should protect the privacy of users and their data and ensure that the data is secure and protected from unauthorized access.
NFR-3	Reliability	The system should be reliable and operate continuously without failures or downtime.
NFR-6	Scalability	The system should be scalable and able to handle a large number of users and devices.
